## **C** FREQUENTLY ASKED QUESTIONS

### **How do you ensure cleanliness and safety amongst your staff and homes?**

Cuvée has always maintained an extremely thorough checklist prior to our guests' arrival, which includes sanitization and deep cleans. We are taking every extra precaution and following every recommended protocol, including hospital grade cleaning agents, added deep cleans pre- and post-arrival, and screening our staff's health regularly.

### **What safety and cleanliness precautions are they taking on the private plane and private car services?**

The same cleaning and sanitization precautions apply for our private jet charter and private car services. We have instituted a similar sanitization and cleanliness check-list for them and are spot-checking on your behalf.

### **Is there access to necessities – i.e., groceries, toilet paper, cleaning products, etc.?**

Yes, we have access to all food and household supplies, including organic and healthful ingredients, toilet paper and paper towels, household supplies, and more. We will ensure that our villas and homes are stocked with your every request.

### **Is there access to wine, beer, liquor?**

Yes, we maintain an abundant inventory of premium wines, spirits, and beer, and can cater to your requests.

### **What is open in the destination? Is there access to restaurant pick up, resort amenities, etc.?**

Resort amenities continue to evolve as local travel restrictions and government policies change. We are diligently staying updated on all resort operations in Los Cabos and will keep you apprised of any changes.

### **Are childcare options available?**

Yes, similar to the health screen and monitoring of our staff, we maintain close watch on all of our childcare service providers and will ensure your children are left in the best of care.

### **Should the need for medical attention arise, do you have access to high quality medical services?**

Yes, we have always had on-call access to Cabo's best doctors and nurses and this hasn't changed. In addition, Los Cabos has made substantial investments in upgrading healthcare facilities and hospitals in the past few years.

### **Is there ample wifi connectivity for working from home in the villa?**

Yes, we have strong wireless connections, office areas, and printers for those wishing to work from our villa environments.

### **Do you have activities and games to keep kids and families occupied and entertained?**

Yes, we have curated added games and activities for families and children, plus have created a variety of activities encouraging family connection and discussion.

### **If the border between Mexico and the United States is technically closed to non-essential travel, will we be permitted entry/exit?**

When flying privately in and out of Mexico, customs continues to allow for the inbound and outbound travel of U.S. residents. We are continuing to monitor the situation closely.

### **Is Cabo safe during this pandemic and how has Los Cabos responded to the spread of COVID-19?**

When COVID-19 first began spreading throughout Mexico, the Los Cabos government responded immediately. Every citizen is required to wear a mask when they leave their homes and no more than one person can leave a household at the same time. There is enhanced security within all of the resort communities and all non-essential businesses have been closed. Residents of Los Cabos are taking social distancing seriously and the case spread, especially compared to major U.S. metropolitan areas, has been minimal. For comparison sake, the following represents case count in major metropolitan counties per 100,000 people: New York City: 1458, Los Angeles: 107; San Francisco: 117; Chicago: 346; Dallas: 80; Denver: 223; Los Cabos: 40.
