FREQUENTLY ASKED QUESTIONS

How do you ensure cleanliness and safety amongst your staff and homes?

Cuvée has always maintained an extremely thorough checklist prior to our guests' arrival, which includes sanitization and deep cleans. We are taking every extra precaution and following every recommended protocol, including hospital grade cleaning agents, added deep cleans pre- and post-arrival, and screening our staff's health regularly.

What safety and cleanliness precautions are they taking on the private plane and private car services?

The same cleaning and sanitization precautions apply for our private jet charter and private car services. We have instituted a similar sanitization and cleanliness check-list for them and are spot-checking on your behalf.

Is there access to necessities – i.e., groceries, toilet paper, cleaning products, etc.?

Yes, we have access to all food and household supplies, including organic and healthful ingredients, toilet paper and paper towels, household supplies, and more. We will ensure that our villas and homes are stocked with your every request.

Is there access to wine, beer, liquor?

Yes, we maintain an abundant inventory of premium wines, spirits, and beer, and can cater to your requests.

Are childcare options available?

Yes, similar to the health screen and monitoring of our staff, we maintain close watch on all of our childcare service providers and will ensure your children are left in the best of care.

Should the need for medical attention arise, do you have access to high quality medical services?

Yes, we have always had access to a private medical facility on Spanish Wells and this hasn't changed.

Is there ample wifi connectivity for working from home in the villa?

Yes, we have strong wireless connections, office areas, and printers for those wishing to work from our villa environments.

Do you have activities and games to keep kids and families occupied and entertained?

Yes, we have curated added games and activities for families and children, plus have created a variety of activities encouraging family connection and discussion.

Is Royal Island safe during this pandemic and how has the Bahamas responded to the spread of COVID-19?

When COVID-19 first reached The Bahamas, the government responded immediately, closing ports and limiting community spread.
